

THOUSANDS SEE YOEMEN DEFEAT ROCKDALE 53 TO 0

CAMERON EX-STUDENTS
RANK HIGH AT COLLEGEWORK OF CAMERON SCHOOL
THIRTEENTH IN STATE OF
TEXAS.

Superintendent Fisher has recently received information concerning the ranking of Cameron ex-students who were freshmen at the University of Texas last year.

Out of the two hundred and twenty accredited schools represented only thirteen had a higher average than Yoe High and the majority of these were ranked on the basis of one or two students while ours was on the basis of four.

Mary Jo Harlan, Minnie Agnes Wolf, Alta Klawansky and Hubert Mewhinney are University students who figured in this ranking. The citizens of Cameron and the students and faculty of the Yoe High are proud to acknowledge them as former Cameron High School students.

HIGHWAY REPORT.

Nothing encouraging to offer at this hour (11 a. m.)

In general, highways passable but very heavy in places.

The C. J. M. A. A. from Dallas advises over radio this morning that motorists going from Dallas to Houston to use route via Waco, Buchholts, Cameron to Hearne. This is to miss mud between Waco and Bremond.

Roads beyond San Antonio are impassable.

LIONS CLUB MEMBERS
HEAR NEW MINISTER
AND SAFETY SPEECH.

Billie Wallace, son of Mr. and Mrs. E. A. Wallace, Wednesday addressed the Lions Club on the Highway Safety campaign being put on by the students of the schools.

Rev. E. S. Hutcherson, new pastor of the Baptist church, and member of the Paris Lions Club addressed the Cameron Lions.

Friday night is charter night for the Lions Club and Col. Louis C. Perry of Terrell, governor of Texas, New Mexico and Arizona, will address the Lions. Col. P. L. Downs of Temple will also speak.

The meeting will be held in the basement of the Methodist church and the Commercial Club has been invited to attend.

COMMUNITY SUPPER IS
HELD NEAR BEN ARNOLDPEOPLE GATHER FOR SPEAKING
AND SOCIAL HOUR WITH
SUPPER.

Saturday night near Ben Arnold a community supper was held at which speaking was heard and a social hour spent participated in by several hundred people.

Those sponsoring the supper had provided some seven or eight thousand oysters and R. B. Rylander from the Watt farm brought a ten gallon can of hot tamales for the supper.

The first speaker of the evening was Rev. Graham, former Catholic priest. He was introduced by Rev. E. L. Springer, missionary of Milam county. Dr. John L. Denson from Cameron also spoke to the gathering.

Among those whose names were obtained, attending from Cameron were Dr. James Watson, Sheriff Drue S. Rogers and Deputy N. O. Kennedy.

Not in many years has an event of this kind been more successful and the many who attended report a fine time with plenty of enthusiasm and neighborly spirit among the people.

Dan Davis, Jr., of Sharp was over Monday for the foot ball game.

Mr. and Mrs. W. E. Gaither and little daughter of Rockdale were here Sunday visiting Dr. and Mrs. James Watson.

Mrs. M. A. Baggerly of Wokaty is a patient in the Cameron Hospital.

Pay Your Poll Tax

1924 is election year. Pay your poll tax and have a voice in the selection of officers to administer the government in Milam county, and the State of Texas. The last day on which poll tax may be paid is January 31, 1924. Do not wait till the last day but go now and pay your poll tax.

All officers are to be elected next year from City to President. City elections are in February, county elections in July and State elections in July, national election in November. Pay your poll tax now!

CLUB WOULD SPONSOR CHURCHES DISMISS TO
ROAD MAINTENANCE TAX HEAR BAPTIST MINISTERVOTES TO INSTRUCT GOOD
ROADS COMMITTEE TO PRE-
PARE PETITIONS.

The Commercial Club Friday night voted to instruct the good roads committee of which George T. Graves is chairman, to prepare and circulate petitions calling on the Commissioners Court to order an election to increase the road tax from four cents to fifteen cents.

If this election is carried the maintenance tax will be increased eleven cents. This money is to be used on the good roads of the county to maintain them.

The election will be county wide and as a correct apportionment each district will share in the tax according to taxable values and the roads to maintain.

The tax election is being urged because of bad condition of former good gravel roads, the county not having sufficient funds to maintain them under conditions of increasing traffic.

In the past it has been the custom here to take up collections to maintain these roads but if tax election is ordered and carried collections for road maintenance will be reduced to the bare minimum.

The school will ask for an election for \$150,000 in bonds and the city will order an election to vote bonds for the sewage disposal plant and with the \$100,000 road bond issue sold and the street paving program the tax will be increased about \$1 on the hundred.

MULE COLT SHOWN HERE
IS DAMED BY MARE MULE.

Considerable interest has attracted to a mare mule and colt belonging to Strickland Brothers of Coryell county now in Cameron with a bunch of stock for sale. The colt was born to the mare mule and resemblance is so striking that they appear to be twins in every respect save size.

The mule and her colt are now on display at the McDermott pens near the fire station and the people are invited to see them.

OVERFLOW CROWD GREETED NEW
MINISTER ON SUNDAY
NIGHT.

Dismissing their congregations Sunday night the churches in Cameron convened at the Baptist church to hear Rev. E. S. Hutcherson, the new minister preach.

The church was filled to overflowing and the pastor preached a strong evangelistic sermon and with a profound impression upon the people. At the close of the service the ordinance of baptism was administered.

Rev. H. R. MacFadyen, pastor of the Presbyterian church assisted in the services with prayer said at the beginning of the hour.

In his introductory remarks Rev. Hutcherson expressed his satisfaction at the co-operative spirit shown and he said that he could not begin his ministry here under more pleasing circumstances than to know that such fine feeling exists among the several congregations.

He announced that on next Sunday there will be preaching at the Baptist church at the morning hour but no services will be held at the evening hour, the congregation being dismissed to go to the Methodist church for services when Rev. Ira F. Key, the pastor, will preach his farewell sermon.

Mrs. Farris of Arlington, visiting Mrs. S. M. Burns, Jr., sang a solo at the beginning of the service and Miss Olive Henderson and Billie Clark rendered violin music.

C. H. POLLARD SELLS
ONE OF HIS FAMOUS BIRD
DOGS TO MAN IN CUBA.

Wednesday C. H. Pollard received a cable from O. K. Williams in Cuba asking him to reserve a pup from his famous kennels of bird dogs. The cable said that the check for the dog was being sent.

The fame of Cameron dog breeders is spreading far and wide. This little dog, only a few months old, will be sent to far off Cuba and those who have seen him believe he will measure up to his great family and breeding.

YOEMEN OVERWHELM
ROCKDALE TIGERS 53 TO 0.

Playing before the largest crowd that even packed Yoe High Park, the Yoemen defeated the Rockdale Tigers 53 to 0. It was a clean cut and well deserved victory for the Yoemen. Time and time again the Yoemen backs plunged the Rockdale line for huge gains, while the Tigers stood by in surprise and dismay. "Unk" Young, the Yoemen's hefty fullback was perhaps the star of the game while Captain Joe Hefley followed him a close second. Young made the first two touchdowns for the Yoemen while Captain Hefley returned the punts wonderfully. On the line Moody, Graham and Boykin were a terror while Childress, Yoemen's right half back, pulled off the feature play

of the game when he punted 90 yards. Childress was standing behind his own goal line, and the ball went sailing into the air, a beautiful spiral for 60 yards, and then rolled 30 yards. For Rockdale, Sharp and Rosenberg starred. The whole Yoemen team starred, for not a man played rotten foot ball. Posey, Yoemen's right end played a whale of a game while "Tuffy" Tindall, reminded fans of Red Roberts. Graham and Moody were always the first ones down on the punts, and never failed to get the man. They were a terror on the defense, and a still greater terror on the offense. Harding plunged the Rockdale line for several large gains, and was fighting from start to finish. Boykin, Cheeves and Flinn tore large holes in the Rockdale line which made

HIGHWAY SAFETY HABIT
CAMPAIGN BEGUN HERETEACHERS AND PUPILS UNITE
IN EFFORTS TO ESTABLISH
HABITS OF SAFETY.

The campaign being waged by the children of the fifth, sixth and seventh grades under the supervision of Mrs. Kathryn K. Robins, teacher of English in the intermediate department, is receiving the hearty endorsement of all whom these children have approached.

People in Cameron realize that the sorrow and deaths that have come to Milam county homes in the last few years might have been avoided by thoughtfulness and carefulness. The ever increasing number of motor vehicles makes it imperative that we be more careful if accidents are to be avoided.

Habit is our staunchest friend or our deadliest enemy, and in any emergency, it is habit that saves us or proves our undoing. Realizing this fact, teachers and children of the elementary and intermediate grades are striving to form habits that will make them more considerate of the welfare of others, as well as of themselves.

Magazines and newspapers have been searched for striking example of carelessness, on the part of driver or pedestrian and these pictures and articles have been used in making posters to remind others to be careful. Some of these posters show special ability by the children and some where on each one will appear the slogan, "Let's Be Careful." These posters have been placed in other schools and towns in our county and in many of the most conspicuous places in Cameron with the request that the posters be kept in view at least until the close of the campaign which is December 4th.

The local freight agent of the Santa Fe, H. C. Keith, wrote the officials of the Santa Fe in Galveston of the work that is being carried on and in reply had a telegram from J. G. Fitzhugh, Safety Supervisor, expressing his appreciation of the efforts put forth, and on Monday, Mr. Fitzhugh sent much material to the local office which is being distributed this week.

Sam Hefley has kindly granted these gardens the use of the screen to help place the campaign in the minds of our citizenship.

On Tuesday of this week, Billie Wallace of the sixth grade in a very capable manner addressed the members of the Lions Club at their luncheon at the Bigbee House. The club endorsed this movement by the school children and pledged their support.

Essays have been written on "Safety Highway Habits I Should Learn." For the best essay, a gold watch and a trip to Washington, D. C. with all expenses paid is offered by the Highway Commission of Washington, D. C. To the teacher who submits the best lesson plan or project for teaching children safety habits is offered a prize of five hundred dollars is offered and a trip to Washington. Valuable second and third prizes are also offered by the national board, as well as prizes by the state.

A good citizen does not need an officer to make him observe the law, but are we always good citizens? Are your front and rear car lights good? Are your lights so bright that they blind others? Do you always keep to the right in walking or driving? Do you give proper signals in turning, stopping or backing? All these and many more things should be given consideration in order to reduce the number of deaths due to carelessness alone. Let us join the school children and in every possible way make Cameron and Milam county a safe place in which to walk or drive.

WEATHER REPORT.

Texas. (Cameron)—Tonight fair. Colder in interior. Friday fair. Rain has been general over Texas.

Mr. and Mrs. E. M. Belk and Mrs. Blanche Jacobs of Dallas were guests in the T. W. Aycock home this week.

FOOTBALL SUPREMACY IS
WON BY PERKINS' SQUADFIGHTS MAR DAY AND ATH-
LETIC RELATIONSHIP MAY
BE SEVERED.

The Crimson of Yoe High School is forever strung to fame and the glory of victory was never more justly acquired than on Monday when the Perkins machine broke up the strategy of the Tigers form Rockdale and easily won 53 to 0.

Not in recent years has a more complete victory been scored by any foot ball team than the victory won by the Yoemen who began their work in the first quarter of the game rallying around the stellar work of Unk Young the great punter and brilliant fullback who in two quarters was the leading and almost exclusive factor in the scoring of seventeen points. He did not miss a single goal and his punting was remarkable.

The game brought the largest crowd ever seen in the Lawless Green field. Thousands of people literally filled the big enclosure with Rockdale fans taking the east half of the park the west half and the grand stands being practically filled with the Cameron fans. The grounds began filling at 1:30 o'clock and by 2:30 the field was practically full. Only a short delay was experienced in getting the game ready for the kick off.

The Yoemen in crimson blankets burst on the field promptly and thunderous cheers went up from the throats of thousands on the Cameron lines. It was only a short time until the Rockdale men came on the field, filling through the grand stands for their share of applause from the Rockdale fans.

The yell leaders promptly organized their crowds and from this point on through the game the pep was remarkable, waning on the Rockdale side after the Yoemen had repeatedly through the four quarters crossed the Tigers goal line.

At the second quarter and the half rest period students from Yoe High, marched on the field in formation, went to the Rockdale side of the field and then to the center where the "Y" was formed. Each student carried a bag of crimson chipped paper and after the yells were given the paper was poured on the field and a crimson Y was visible from all parts of the field. The Yoe students then returned to the stands. John Watson, son

CONFERENCE IS HELD ON
PROPOSED SCHOOL BONDSBELIEVE 30 YEARS ISSUE WILL
BE CALLED FOR IN ELEC-
TION ORDER.

Wednesday the finance committee from the city council, O. M. Smith, George T. Graves and H. M. Hefley, met the committee from the school board, Dr. John Denson, J. C. Martin and R. P. Fisher, to discuss the proposed issue of school bonds.

Judge W. G. Gillis represented the board as attorney and Giles L. Avriett was present at the request of the board for the conference.

It is likely that the bonds will be issued for a period of 30 years instead of 40 years in order to take advantage of a saving of some \$15,000 in interest over the period of years. The tax rate increase will be nominal and will be decreased each year as the bonds are retired.

Judge W. G. Gillis is preparing the petition for the signatures of the property owners and will have the petition ready for the next meeting of the council which is to be held on the 20th of November at which time the election will be ordered by the council.

The thirty year issue is satisfactory to the board but the board has discussed an issue of 40 year bonds on account of the lower, immediate tax rate, but in view of the saving of some \$15,000 it is thought better to issue the 30 year bonds.

Judging a Great Institution by Small Defects

By J. H. PUELICHER
President American Bankers Association.

J. H. Puelicher

It would be difficult to find a banker, understanding thoroughly the Federal Reserve System, willing to admit that we could continue a first-class commercial nation, without the Federal Reserve Banks, or mechanisms similar to them. Yet there is antagonism to the Federal Reserve Banks based in a measure on some minor mistakes in administration, but more generally on a misunderstanding of their purposes, of what should be expected of such a system.

The banker, as much as any man, is to blame for the present misconception. He found Federal Reserve Banks a ready scapegoat to blame for no matter what happened. If it seemed desirable to refuse or call a loan it was easy to say that the Federal Reserve Bank wished it, although it should have been refused because contrary to good banking practice.

Most of all was the system blamed for the fact that violent inflation which hundreds of business men and bankers hoped might be continued forever was finally checked by putting up Federal Reserve interest rates. There were those who blamed the system for not having put up the rate soon enough and others who blamed it because it put up the rate at all.

The penalty for thus blaming every business mishap on this valuable system may be the loss of its much needed benefits. If we wish to save the present bank of the United States from the fate of its two predecessors we must make known to America, to its rank and file, the splendid usefulness of these institutions.

We must admit at the outset that in their administration mistakes have been made, that governors of Federal Reserve Banks and members of the Federal Reserve Board are human beings, and in the administration of the affairs of any institution by human beings mistakes will be made, but these have been so insignificant as compared with the outstanding usefulness of the institutions themselves that they should be judged by the good which they have performed, which, after all, has been along the line of their designed achievement, rather than by those errors which time and experience can easily eliminate.

COOPERATIVE FARM MARKETING NOTES

Progress of the Movement to "Put Farming on Par With Other Big Business."

A pamphlet and questionnaire on co-operative farm marketing recently issued by the State Bank Division, American Bankers Association, has brought out valuable information on the subject from bankers, farmers and state agricultural departments. It is being used as a campaign document in the organization of co-operative marketing associations in various sections of the country, farmers having adopted its slogan: "Put Agriculture on a Par with Other Big Business."

The movement on the part of farmers toward co-operative marketing as a cure for their present economic plight is nation-wide. There has been notable progress in the development of such associations, some conspicuously successful ones being in operation at the present time. There have also been some disastrous failures among these ventures in co-operative marketing, which is the inevitable accompaniment of the progress of any movement. The "Banker-Farmer," published by the American Bankers Association, says:

"Cause and effect are operative in co-operative marketing as truly as they are in every other business enterprise. An association will not necessarily succeed or fail merely because it is a co-operative association, but because it conforms to or transgresses from the underlying principles of successful business operation. The movement itself is of great national import and the bankers of the country can materially aid or retard its progress. The responsibility of leadership in rural communities rests very largely with the country banker. It is his duty to be informed on all matters relating to the farmers' well-being."

Modern conditions are such that agriculture cannot be successful by individual effort. To regain its position as a basic industry, and as a force in national affairs, agriculture must depend upon organization and co-operation for economic production, for economic marketing and for the establishment of its proper relationship in community life.—Howard Leonard, President, Illinois Agricultural Association.

UNITED DOCTORS SPECIALIST

Brings the knowledge of a Great Medical Organization and Their Experience in the Successful Treatment of

THOUSANDS OF CHRONIC DISEASE CASES

Offers Service Free of Charge Licensed by the State of Texas. The United Doctors is an organization of reputable, licensed, physicians for the treatment of certain diseases.

They are all specialists. The United Doctors treat, without Surgical Operations or hypodermic injections, diseases of the blood, skin, and all internal organs, rheumatism, sciatica, tapeworm, leg ulcers, weak lungs and all long standing, deep seated diseases.

Thirty-five years' experience and the complete records of thousands of cases successfully treated prove that the methods of the United Doctors are right. They were among the first to be called "Bloodless Surgeons."

Each member of the United Doctors staff has at his command the knowledge and resources of the whole organization.

Many people go on suffering from diseases that can be alleviated just because they cannot afford to go to high priced specialists at a distance from home.

No community has a sufficient number of sufferers from the diseases mentioned to support special hospitals for their treatment and cure.

The United Doctors have solved the problem. Their highly trained specialists travel from place to place. They diagnose and prescribe a course of treatment for the sufferers in each community and teach them how to take care of themselves at home.

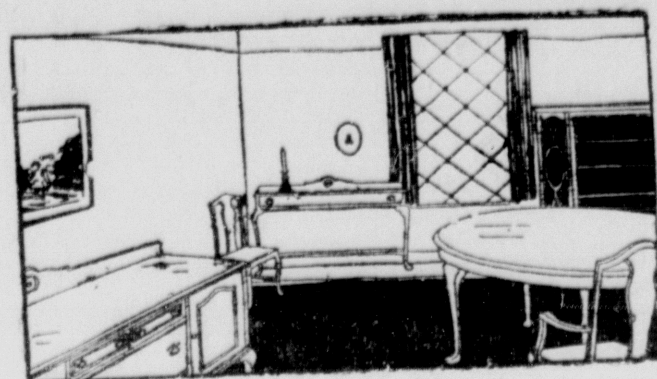

Worn-out and run-down men or women, no matter what your ailment may be, no matter what you have been told, or the experience you have had with other physicians. If your case is incurable they will tell you so. Consult him upon this visit. It costs nothing.

"CAPITALISTS"—AND DON'T KNOW IT

A good many people who rail against capital are beating their own backs. Some are savings bank depositors; some have shares in building and loan associations; some have bought a liberty bond; some have ordered a stock of goods for their store. All of them, without knowing it, have performed a great miracle, for they have turned the work of their hands or their brains into a new product which while it helps them, is helping thousands of others. Every one of them is a capitalist as most of us are—unless we are tramps or paupers or ne'er-do-wells—and we may well be proud of the name. For capitalism, instead of being the devilish invention of a few selfish interests, is the great material force that has lifted millions from poverty, degradation and slavery.

Like other human institutions, capital can be abused. So, too, can eye-sight and health and education and love. Part of America's great job is to remedy and prevent such abuses. Same people, however, do not cut off their feet to get rid of their corns.

Capital is today's surplus. It is what gives us a better start tomorrow than we had today. If we don't save it, we don't have it, and when we have it, it is useless until it is put to work.

If thrift is right, then it is right that people should acquire funds as the result of their industry and self-denial. But money that is merely hoarded is like water that becomes stagnant; it is harmful, not helpful. When money is put to work, it is like water power; it turns the wheels of industry, increases employment and raises the general level of comfort.

When every producer can create a surplus and that surplus can be gathered into a common fund and put to work for the common good we shall have reached an ideal condition.—From "The Greatest Family in the World."

ROADS AND EDUCATION.

How much is education worth to your children?

Many a taxpayer must ask himself that question at this time, when bad weather begins and roads become less and less passable. It is atrocious, but it is true, that in thousands of localities throughout this enlightened land of ours, children are prevented from taking advantage of what education facilities the State or county affords, because of the poor roads, which mud, water, snow, ice and bad weather make impassable.

Whether it is the "little red school house" a half mile or a couple of miles from the farm, or the consolidated school, to which children from a radius of ten miles may come, the worth of the school to the child depends in large measure upon the amount of time he or she may spend there. The best school is of no value if a student can not attend.

The problem becomes of acute importance to the taxpayer, who is often faced with the choice of whether he will keep the road open, at consider-

able expense, or let it go, and let the children suffer. Those counties which have not as yet been able to finance the good road, which is the right of all who live beyond the city limits, can nevertheless do much to ameliorate conditions as far as the children are concerned, for a road may not be good and still be passable. It is deep mud or ruts, frozen so that wheeled and hooped travel is impossible, which daggled earth road will freeze as well as a muddy and rutty one, and children can walk on a smooth frozen surface even if it be normally not a hard surface road.

Children have a right to an education. American children have an inalienable right to know the history of their country, to follow, as best they may, in the footsteps of Lincoln, to whom nothing was a sufficient bar to keep him from getting an education. It is up to the parent, the taxpayer, the money spender, to see that the child has the road on which he can travel, that he may attend the school which, and alone which among all our agencies, can make him a worthy American citizen.

YOE HIGH ATHLETICS

(continued from page 1)

possible the large gains. Kenneth Keith deserves special mention, for his fighting spirit and remarkable playing. Once he caught a pass in the bend of his legs which netted about 30 yards, and made possible another touchdown. After the first string squad had run up a large score on the Tigers, Coach Perkins sent the scrubs in and they did equally as well as the first string squad. With their dazzling plays, the Yoe-men completely surprised the proud Tigers from Rockdale, and made them look like Ned in the first reader. Never before had a Cameron football team defeated Rockdale as badly as last Monday, and the team of 1923 deserves special mention in the Yoe Hi hall of fame. Also, the local High school has the best coach that has ever tutored a Cameron Hi football team.

PARIS PASTORS REGRET MOVING OF HUTCHERSON

WAS PRESIDENT OF ASSOCIATION FOR PAST YEAR AND LOVED BY MINISTRY.

Rev. E. S. Hutcherson, pastor of the Baptist church in Cameron was for the past year president of the Pastor's Association of Paris and the association passed the following resolution regretting his departure from Paris:

"It is with sincere regret that we, the members of the Pastor's Association of the City of Paris, see Rev. E. S. Hutcherson go from our midst. Brother Hutcherson is the Senior member, in term of service, of the Association and has filled with dignity and merit the office of President for the past year.

"We have found him a consecrated Christian gentleman with splendid ability and a great passion for lost souls. As such we heartily commend him to his new field of labor and congratulate the congregation that has been successful in acquiring his service."

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Menthosulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Menthosulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Menthosulphur may be obtained at any drug store. It is used like cold cream.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicinal cream, manufactured by F. J. RABBIT FOOT THROWN AWAY BY CONVICT WHO IS RETURNED TO CAMP.

Elmer Morgan had a rabbit foot in his pocket when caught at Milano yesterday by Deputy N. O. Kennedy

after he had escaped from the East-ham convict farm near Trinity. Morgan said he believed the rabbit foot no good and threw it away. He has escaped three times from the camp and has been caught as many times by officers.

Deputy Kennedy was notified of the escape of the prisoner and went to Milano to intercept him. He came to town with another man and lay down about 200 yards from the depot and fell asleep and there Kennedy awakened and arrested him.

Robert Southwell and family left Tuesday morning for Waco where they will make their home in the future. Mr. Southwell has been a valued employe in the W. Klawansky dry goods store since the firm opened here about five years ago. Previous to this, he had been with the firm about nine years in Lott. He has secured a more lucrative position with a shoe house in Waco. He and his family have the best wishes of his former employer, business associates and many Cameron friends as they go to their new home.

Mr. and Mrs. Charles Sprotzanec of Caldwell were here Monday guests of Mr. and Mrs. Frank Sprott.

Mr. and Mrs. T. A. Robinson and son Tom, Jr., of Dallas were guests of Mrs. Robinson's sister, Mrs. Wm. Henderson, this week.

For apprehending and conviction of the man or men who are going through this and adjoining counties selling Glasses and telling the good people they are partners or representatives of mine, is a gross mistake. I have no person or persons representing me, as we have no one competent and capable of examining the eyes in such a crude way, the eye the most delicate organ and most dependant organ of the body, and subject to more than a hundred diseases. With out many years training in a hospital the eye can't be fitted with proper glasses, and diagnosis made of the various diseases. Those fakes have been coming through this and adjoining counties for many years, just why the good people will allow those men to fake them I can't understand.

Transportation World's Greatest Problem Today

There is no economic problem of greater basic importance today than the unifying of all means of transportation into one sympathetic system. The urgent necessity of moving people and materials with the utmost expediency and economy obviously has a direct bearing upon the progress of the country financially, industrially and commercially, and, therefore, upon the cost of living generally, according to a survey conducted by the White Company.

Significant present-day developments in transportation are tending unmistakably toward better co-ordination and co-operation between the four main units—steam roads, electric railways, ships and motor vehicles—it is shown.

Out of the confusion and friction of the past an orderly system is being gradually established, to the elimination of wasteful methods and destructive competition. Tomorrow will see a new era in this field.

The outstanding factor in the linking of railways, highways and waterways is, of course the rapidly expanding use of motor vehicles. Rail and water carriers are of ancient origin; the amazing growth of the motor industry has taken place in little more than a score of years, and only with in the last few years have trucks and busses taken their permanent place as essential transportation units.

Yet, in that short space of time a great army of trucks has been sent forth on its mission of carrying the products of field and forest and mine to railway platforms and docks and factories, and eventually to stores and homes; an immense fleet of busses and taxicabs has given its contribution to the task of moving millions of persons within cities and between communities, supplementing and extending the service of rail and inland water lines.

The motor industry now is in the legislative period of its development; a flood of laws and proposed measures, relating to the regulation of these modern carriers of the highway, has followed in the wake of their wider utilization, and legislative hoppers in every State have been jammed with thousands of bills.

Without question there has been some wise legislation enacted with the view of promoting and encouraging this newest of giant industries. It is likewise certain that there have been passed many laws destructively restrictive.

While we are long past the days in which Iowa farmers got together in their granges to warn all members against having any business dealings whatever with owners or operators of the modern Juggernaut of the road, the "horseless buggy," there still exists, in the minds of many, misconception of the true importance of motor vehicles and of the attitude of the automotive industry toward legislation affecting its interests.

There is much comment, for example, to the effect that passenger cars, and trucks and busses, are not paying their rightful share of taxation; that public highways are being destroyed by their use, and that unfair competition has been set up against steam and electric roads.

It is not generally understood, in other words, that the burden of assessment placed against the indus-

try in many States has been out of all proportion to its ability to pay; that the motor vehicle has been the most powerful influence toward the building of better roads, so necessary for economic advancement, and that trucks and busses are in actuality co-operating and not competing units in the transportation system, the White Company states.

Nor is it widely understood that, far from opposing intelligent regulation and taxation, the automotive industry has consistently advocated reasonable regulations and the imposition of taxes sufficient to cover the entire budget of State Highway Departments for the maintenance of improved highways. The United States Bureau of Public Roads reports that the total of motor vehicle taxes for 1922 was \$334,901,209; in some States the amount of such taxes far exceeded the highway maintenance budget. In this connection, it is interesting to note that one of the largest truck manufacturing companies, which has paid out a total of more than \$12,000,000 in dividends over a period of years, has also paid in excess of this sum for State and Federal taxes.

One of the striking aspects of motor vehicle legislation is the wide variation in the licensing fees and in those elements which are closely related to the cost of highway construction and maintenance, namely, weight and speed of motor trucks.

While exact uniformity of regulations and restrictions may not be possible, because of differing local conditions, it is certain that manufacturers and operators of trucks and busses, as well as highway engineers, must be given some fairly standard code, acceptable to the States as a whole, upon which the problems as to weight, speed and tire impact, may be worked out.

The chief point to be considered in connection with the highways is that they should be built to carry the necessary traffic rather than so poorly constructed as to act as a bar to economical hauling. The public mind should be educated to consider the value of good roads from the standpoint of actual decrease in the cost of commodities, through decrease in the expense of transportation.

The value of paved highways lies

in their destruction through use and not in their preservation through uneconomically restricting that use. The only possible use to which paved highways can be put whereby value received can be realized must be commercial use.

State lines should no longer be drawn in transportation matters, and Legislatures should act to make uniform highway rules and regulations, together with laws as to licenses and

fees, in so far as possible, for the purpose of encouraging transportation and therefore for the purpose of decreasing costs to the consumer.

Commercial motor vehicles are here to stay—they have become and will remain absolutely necessary parts of a unified and efficient transportation system—and the expansion of the facilities afforded by their use should be encouraged by reasonable legislation, rather than regarded by ill-advised prohibitions.

A Tract of Land Without an Abstract Is Like A Cow Without a Brand--

ANYBODY CAN CLAIM IT.

It is by far more important to you to know that the land upon which you live or which you claim, is yours than to know that it will produce cotton or corn.

Sventy-five per cent of the land titles in this, as well as other counties are full of hidden defects, and the only way to find those hidden defects is through reliable abstracts—such as those made in Cameron by the Laurence Abstract Company.

A Laurence abstract is prepared by those who not only know every phase of abstracting, but also stand behind all their work. IT IS THE RECORD OF WHAT YOUR COUNTY SAYS—NOT WHAT WE SAY. Every material part of the instrument is copied verbatim.

Make sure NOW, that the land which you claim, is your own, to have and to hold. Come to us for your abstract. We can save you money.

Have Kidneys Examined By Your Doctor

Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

GERMAN CROWN PRINCE RETURNS TO FATHERLAND

EMPIRE SEETHING WITH IMPERIALISM AS HOHENZOL-LENS GO HOME.

Oels, Silesia, Nov. 12.—The United News correspondent, inquiring how to address a letter to Frederick Wilhelm once he arrived, was informed that the mere designation of Crown Prince Wilhelm (minus the ex) was incorrect, and that he must be addressed as "His Imperial Highness."

Berlin, Nov. 12.—Frederick William is due at Oels, Tuesday, according to semiofficial information here. He is reported to have made several convenient stops on his way from the border, spending Saturday and Sunday nights on the estates of his old friends in Southwest Brandenburg.

While it was rumored he was in close proximity to Berlin, official quarters deny this and declare that he is living up strictly to the promise he gave Chancellor Stresemann.

Oels, Silesia, Nov. 12.—The former German Crown Prince had not arrived at Oels up to 8 o'clock Monday night unless he has succeeded in escaping the vigilance of the waiting correspondents who have been besieging all visible entrances to the castle for the last twenty hours.

There is no information here respecting the route he is traveling or where he spent Saturday and Sunday nights.

Deep and impenetrable mystery surrounds the whereabouts of Frederick William, who was due here Monday night, assuming that he was traveling on the schedule laid out after crossing the Dutch frontier into Germany. The expectant villagers abandoned the job of waiting shortly after 10 o'clock, while the correspondents endeavored in every way to solve the enigma of William's non-appearance.

Former Crown Princess Cecilie left the castle by motor car in the middle of the afternoon accompanied by two of her children for an unknown destination. She returned at 9 o'clock. This gave rise to the rumor that the Prince was putting up at a hunting lodge ten miles distant from the cas-

tle, which in pre war days was a favorite haunt of his.

It has also been suggested that, fearing international complications because of his taking hasty leave of Holland in the face of the entente's protest, he has gone into seclusion somewhere in Germany and is being safely concealed by his friends.

Virtually all of Oels' leading citizens, from the Probate Court Judge down, have donned Prince Albert coats and high hats in honor of the former German Crown Prince's homecoming. However, no official reception has been planned for Frederick William, the Burgomaster not having been officially advised of his return. The exile comes back as a private citizen. Furthermore, the castle is under separate jurisdiction and not under the control of the local administration. It has its own government comprised of officials who police the building and the surrounding estate on which Princess Cecilie, Frederick William's wife and her children reside.

There are fewer than twenty Communists living in Oels, whose working population of approximately 3,000 is, however, seemingly anything but elated over the possibility of the town's suddenly becoming a monarchists headquarters. The former King of Saxony, Frederick August, lives on an estate only ten miles away.

The average man and woman is grumpy about the Government permitting the former Crown Prince to return.

"He saw fit to run out of Germany in her hour of great trouble; why should he be allowed to return now," observed one elderly woman in the crowd outside the castle gates Monday.

A certain faction, however, welcomes the exile, and "Deutschland Uber Alles" resounded in the leading beer hall Monday. Telegrams and flowers are pouring into the castle and servants are beginning to show irritation over the number of callers endeavoring to find out what is going on within the moat-encircled Polish, Austrian and German Princess in turn through four centuries of Silesian turmoil and war.

WILSON ENTERTAINS NO FEARS FOR UNITED STATES

FOOLS HAVE RESISTED PROVIDENCE BEFORE SAYS WAR TIME PRESIDENT.

Washington, Nov. 11.—Woodrow Wilson addressing friends and admirers who made an Armistice Day pilgrimage to his home here, declared today that he is not one of those that have the least anxiety about the triumph of the principles for which he has stood.

"I have seen fools resist Providence before," he said, "and I have seen their destruction, as will come upon these again—utter destruction and contempt. That we shall prevail is as sure as that God reigns."

Mr. Wilson spoke from the front portico of S. street residence to cheering throng of thousands, who packed street and side walks and overflowed into nearby vacant plots. It was his second address in less than twenty-four hours and the third he has delivered since he left the White House.

Bent with four years of illness, the former president was assisted by a negro attendant to negotiate the single step that led to the portico. After waving his hat in response to an outburst of applause, he stood with bared head while Senator Carter Glass, of Virginia, delivered the address on behalf of the visitors.

At the conclusion of Mr. Glass' address, Mr. Wilson held a brief whispered conference with the senator and then began to speak.

"I am indeed deeply touched and honored by this extraordinary exhibition of your friendship and confidence," he said, "and yet I can say without affectation that I wish you would transfer your homage from me to the men who made this Armistice possible. It was possible because our boys had beaten the enemy to a standstill. You know, if you will allow me to didactic for a moment, 'Armistice' merely means 'standstill of arms.' Our late enemies, the Germans, call an armistice 'waffen standstill'—an armed standstill—and it was the boys that made them standstill."

There was laughter and applause. "If they had not," Mr. Wilson con-

tinued, "they would not have listened to proposals of armistice."

"I am proud to remember that I had the honor of being the commander in chief of the most ideal army that was ever thrown together—pardon my emotion—though the real fighting commander in chief was my honored friend, Pershing, whom I gladly hand the laurels of victory."

"Thank you with all my heart for your kindness."

Several times during his remarks, Mr. Wilson faltered and his face twitched. Mrs. Wilson came forward from the door, but the former president quickly rallied and continued his address. He stood unassisted beside Senator Glass.

The band which had led the parade from Dupont Circle to the Wilson home began to play "How Firm a Foundation!" But before it had concluded the hymn, Mr. Wilson made a signal for silence and said:

"Just one word more. I can not refrain from saying it. I am not one of those that have the least anxiety about the triumph of the principles I have stood for."

"I have seen fools resist Providence before and I have seen their destruc-

tion, as will come upon those again—utter destruction and contempt. That we shall prevail is as sure as that God reigns."

Then aside to those near him Mr. Wilson said:

"That's about all I can do."

The former president was assisted into his home again, but it was announced that he and Mrs. Wilson soon would depart for their afternoon ride and the crowd remained, the police having difficulty in clearing

a lane for the automobile, which appeared a few minutes later.

Today's ceremony, differed from those at the Wilson home on the past two armistice days, which turned into demonstrations on the League of Nations. Only once today was the league mentioned, Senator Glass referring to it in his address to the former president. Aside from the addresses of Mr. Wilson and Senator Glass, there was no set program.

CLUB ASKS COUNCIL TO INCLUDE MORE PAVING

WANTS RESIDENCE STREETS
PAVED AS WELL AS MER-
CANTILE AREA.

The Commercial Club has asked the city council to include a program of residence streets paving along with the mercantile area.

C. W. Lawrence, president of the club presented the matter Friday night and the club went on record by vote to ask the city council to include residence paving and to obtain figures from the contractors and to advise the property owners the cost.

It is likely that citizens will become interested in the paving in the residence sections to such an extent that petitions will be presented asking the extension of the paving to the principal residence streets.

The present area includes the mercantile area only and perhaps the streets to the two passenger depots, provided residence property can be induced to subscribe for the paving. Assessments are being made in the business district.

TEXAS COTTON CROP 3,800,000 BALES FOR 1923.

Austin, Texas, Nov. 10.—The Texas cotton crop is estimated at 3,800,000 bales by State Commissioner of Agriculture George B. Terrell, and based on reports to the department by Nov. 1, according to a statement issued Saturday by Commissioner Terrell.

ORDER OF SALE. THE STATE OF TEXAS, County of Dallas.

To the Sheriff or any Constable of
Milam County—GREETING:

Whereas, on the 4th day of September A. D. 1923 in the case of Mrs. Anna B. Haggard, a widow, versus, W. J. Parker and R. H. Vogel, No. 48430-B, the plaintiff, Mrs. Anna B. Haggard, a widow, recovered, in the District Court of Dallas county, 44th Judicial District of Texas, a Judgment against the said defendants, W. J. Parker and R. H. Vogel, jointly and severally for the sum of Eighteen Hundred Nine and No 100 (\$1,809.00) Dollars, together with interest thereon from date of judgment, at the rate of eight per cent. per annum, and costs of suit; and whereas, said Judgment is a foreclosure of a mortgage Lien, as it existed on the

1st day of April 1922, against the said defendants, on the following described personal property, to-wit:

One complete rotary rig, at the time of the execution of said mortgage located in Milam county, Texas on what was then known as the W. H. Rowell place, being the same rig which was to be thereafter moved to Rosebud, Texas, and to be located on block one of the Gopher Oil Sub-division of the Mrs. Sue M. Read lands in Milam and Falls county, Texas, containing, among other items the following items constituting said rig.

One Crown Block; One Traveling Block; One Kelly with holes; One National Mud Pump; Two rotary tables; Two complete draw works; One Boiler with all connections; One Alax engine; Three galvanized tanks; Six hundred feet of one and a half inch water line; One wire cable; Fifteen hundred feet of four inch drill stand; One fishtail bit; One pair of tongs; One six inch swedge nipple with about one hundred feet of two inch line; Two galvanized tanks in Rosebud and all oil contained therein; Two pair of Bit Springs; Two mattresses; One coal oil stove; One pap valve; One injector; Two two inch globe valves; One anvil; Two pair of elevators; One elevator chain; One engine chain; Two draw work chains; One pulley for Gin pole; One head timber; One Overshot.

Therefore, you are hereby commanded, that you proceed to seize and sell above described property, as under execution; and that you apply the proceeds thereof to the payment and satisfaction of said sum of Eighteen Hundred Nine and No 100, (\$1,809.00) Dollars, together with the interest that may be due thereon from date of judgment at the rate of eight per cent per annum and all costs of suit. And if the said property shall sell for more than sufficient to pay off and satisfy said

sums of money, then you are hereby directed to pay over the excess thereof to the defendants, W. J. Parker and R. H. Vogel. But, if said property shall not sell for enough to pay off and satisfy this Judgment or cannot be found, then that you make the said money, or any balance thereof remaining unpaid, out of any other property of the defendants, W. H. Parker and R. H. Vogel, jointly and severally—as in case of ordinary executions and you are further ordered that you put the purchaser of said property under this Order of Sale, in possession of the property described in this Order of Sale within thirty days after date of sale.

Herein fail not, but due return make hereof, showing how you have executed the same within Ninety (90) days from this date.

"St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Linger up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica. It never disappoints and has been recommended for 60 years.

"Strong and Well"

"I WISH you could know how much I am improved since taking the Cardui," writes Mrs. Nannie Brown, of Black Rock, Ark. "You wouldn't know me for the same weak invalid I was before I took it. At my... I had to keep off my feet or I would fall. I couldn't do my housework, and just got where I'd most as lief be dead as living. Some one told me husband of Cardui. He got it for me and I took three bottles before I stopped—then off and on for the last three years just as a tonic. I saw a decided improvement after my first bottle. I used the three, and was able to do my work with ease, and now I sew for my family and for others. I am feeling fine, and strong and well."

Take Cardui! It may be just the medicine you need.

CITY OF CAMERON NAMED FOR NOTED TEXAS HERO

WAS FOUNDED IN 1846, BUT NOT FULLY ORGANIZED UNTIL 1888.

Cameron, the county seat of Milam county and the oldest town in that section of the State, was named in 1846 in honor of the gallant Texas hero, Capt. Ewing Cameron.

Capt. Ewing Cameron was in command of a company having a few Milam county men and composing part of the army of Somervell, which in 1845 set out to invade Mexico. After reaching the Rio Grande, Somervell determined to abandon the expedition and ordered the army to march eastward. This caused dissatisfaction among the five captains, including Cameron. They refused to obey the order and with about 300 men remained on the river, the rest of the army moving eastward. Under W. E. Fisher, their elected commander of the 300, they crossed the Rio Grande on Dec. 22 and the Mier expedition began. They continued their march and occupied without opposition the Mexican town of Mier, located six miles south of the river.

The Texans made requisitions for supplies, which though promised by the inhabitants, they were not sent. With the little supplies on hand they were attacked by Mexican troops, and though they fought bravely, their noble little army, after a two-day battle, surrendered to the Mexicans.

Remaining long in captivity, the men determined to escape, and when they reached Salado, 100 miles west of Saltillo, led by Capt. Cameron, they overpowered their guards and set out back for the Rio Grande.

After a long march over the hot, burning sands of the treeless desert they were met by a large force of Mexican troops, and of the 196 escaped men 193 were taken prisoners. Santa Anna issued an order that every tenth man be shot. When the pitcher was brought containing 159 white and 17 black beans, Capt. Cameron drew a white bean and his life was spared, but when the march to Mexico was resumed an order was issued that Cameron be shot. Though the brave and gallant Captain up to that time escaped the ravages of the Mexican troops, he, in 1843, fell, pierced by fifteen bullets fired from the guns of Santa Anna's men.

It was only in 1846 that the present town of Cameron came into existence. It was located and laid off by Messrs. Monroe, Turnham and Israel Standifer, and when the commissioners met later in the year to decide the name of Cameron, they looked over the names of the heroes of Texas, and the unanimous choice fell on Capt. Ewing Cameron.

The town's progress for many years was slow, and, though attempts were made to incorporate the little town, the interest dropped and the corporation was allowed to die.

It was not until 1888 that a permanent city organization was perfected, and Maj. B. I. Arnold was elected Mayor.

The total population of Cameron in 1920, according to Government census, was 4,298, but now it hovers around the 6,000 mark.—Dallas News, Nov. 4.

PRESBYTERIANS WILL DO MUCH BUILDING IN STATE SCHOOL TOWNS.

Announcement has been made by the executive committee in charge of the statewide Presbyterian movement for Christian education that \$160,000 would be appropriated out of the campaign fund now being raised, for suitable plants and church work for the Presbyterian students attending state institutions. This includes \$100,000 for building at Austin near the state university. At A and M. College \$40,000 will be used for a plant and the remainder will be used at Denton, San Marcos, Huntsville and Commerce.

Strong endorsement of the campaign has been given by the heads of state institutions. Dr. W. S. Sutton, acting president of the university, wrote the committee that there "is a crying need for better and more educational institutions and I hope your efforts will be crowned with success."

Similar letters have been received from R. B. Binnion, president of the State Normal at Commerce; W. B. Bissell, president of A. and M. College; R. L. Marquis, president North Texas State Normal, Denton; T. M. Bralley, president College of Industrial Arts, Denton; C. E. Evans, president Southwest State Teachers' College, San Marcos.

COMMERCIAL CLUB FOR PERMANENT BUILDING OF WATER PIPES IN CITY.

The Commercial Club has asked the city council to make sure that all water pipes in the mercantile area are permanently laid and connected before the paving is laid.

After the paving is laid it would not be practical for the city to permit the paving to be torn up to repair a water pipe. The club wants the club to provide for this by requiring pipes to be laid properly and that all connections be made before the paving is laid.

This will be additional expenditure to the property owners but very necessary to be done if the paving is to be protected from repair damage incident to water pipe breakage.

A DESIRABLE XMAS GIFT.

Young folks, here is a Christmas present for you. Place the matter squarely before your parents in the right way. They will not refuse you for it is the best proposition you ever made to them. It is the thing that will win your independence, give you an insurance policy against pov-

erty with a paid up premium for life. IT IS A SCHOLARSHIP IN THE TYLER COMMERCIAL COLLEGE OF TYLER, TEXAS, America's largest school of Bookkeeping, Business Administration and Finance, Shorthand, Cotton Clipping, Telegraphy, Penmanship, Radio—the school that will not only prepare you most efficiently but will secure a position for you.

The cost of a life scholarship in a course of Bookkeeping is \$70.00, Shorthand \$70.00, or the two for \$115.00; Business Administration and Finance \$70.00; Radio \$50.00; board and room is from \$17.00 to \$25.00 per month. The average time for completing any of the above courses is from three to five months. Figure the cost of board and tuition and you will be surprised to find how little it will cost you to obtain a cash-producing education that you will use throughout your life. It is a Christmas present that you will always appreciate because you will never cease using it at a profit. It makes you a useful citizen.

If you or your parents have not the cash to pay for a course, ask Tyler Commercial College about their Student Loan Fund. The old saying "Where there is a will, there is a way," is quite true. It is surprising how little cash is really needed to get an education in the

largest and most successful business training school in the United States. Because of their financial strength, they can help you when smaller schools are not in a position to do so.

Convince your parents that you are determined to be a success. To achieve success in business, you must get a business training. Mail coupon for large free catalogue. It will convince you and your parents of the importance of our suggestions.

KILL YOUR GRASS OR WEEDS WITH

West Texas Weed and Timber Killer

KILLS ALL TREES, SPROUTS AND NOXIOUS PLANTS

It is a concentrated chemical in liquid form, for clearing the farm of all wild onions, garlic, wild rhubarb, Canadian thistle, morning glory vines, Johnson and Bermuda grass and other noxious weeds. West Texas Timber and Weed Killer is unequalled and excels any imitation on the market. It is a salvation to the farmer whose land is infested with these pests of vegetation.

In permanently destroying dandelion, platan and other pest plants on lawns caution should be used in applying West Texas Timber & Weed Killer, so as not to kill lawn grasses surrounding them. It only requires a few drops applied directly to the center of these plants. We manufacture a specially designed sprayer or dropper, that we recommend to be used in exterminating such plants that affords a protection to the lawn grasses.

Driveways in parks and in cemeteries are kept clean of weeds by spraying with an ordinary sprayer or sprinkler. Weeds on vacant lots can be quickly and economically destroyed by spraying, and is far cheaper and more efficient than mowing.

One application of this liquid is sufficient for the season. Directions on the container.

LYNCH DAVIDSON TO RUN FOR GOVERNOR OF TEXAS

ANTI-KLAN CANDIDATE PUTS HAT IN RING FOR TEXAS HONORS.

In 1922 when I voluntarily declined to stand for reelection to the office of Lieutenant Governor, then held by me, I stated that I would be a candidate for Governor in the Democratic primaries of 1924. Carrying out that declaration of intention, I now formally and finally announce to my friends and to the voters of Texas that I shall definitely be a candidate for Governor in the 1924 primaries, subject to the action of the Democratic party.

My major principles and policies will be: More business in government and less government in business; a reformation of our taxing system by which it will be simplified and equalized; an economic business administration by which the tax rate will be reduced, financial deficits overcome, the state live within its income, and state warrants become worth a hundred cents on the dollar; elimination of useless state bureaus, commissions and offices; financing and betterment of our educational system, and so far as possible extricating it from politics; adequate compensation for teachers, better facilities in rural schools, better buildings and equipment, and a full school term everywhere; complete reorganization of the penitentiary system; the building of a complete system of hard-surfaced highways, and the use, so far as practicable, of the penitentiary system in carrying out a highway building program; fewer laws and better laws, and the absolute enforcement of all laws, including the prohibition laws; such amendments to existing laws as will make equal all the rights of women with men, that they may realize the full fruits of the suffrage which they have been given; conservation of the natural resources of the country by government action; promotion of a plan whereby the farmer and producer may receive substantially the full market price for his product. I believe in the right of labor to organize for its protection by the promotion of efficiency and craft education. I am opposed to the militant strike, and believe every American citizen has the constitutional right to work when and where he will, without interference, let, or hindrance.

The Ku Klux Klan was an issue in the last campaign and gives evidence of being an issue in this campaign. In October, 1921, when I was Lieutenant Governor of the state, I voiced my views on this question and at the same time my opposition to the Klan. I view the situation to was I did

then. I believe in the administration of the law by the constituted authorities, and not by any kind of bloc, group, association, clique or clan, however pure its purpose. Every citizen is entitled to his day in court. The creating or fostering of racial, religious or class strife among our people by any individual, group of individuals or organization, or the taking into their own hands the enforcement of law, determination of guilt or infliction of punishment, is a menace to our liberties, destructive of our fundamental law, and inconsistent with the ideals and purposes of the American people. In this same connection, I heartily endorse the resolutions passed by the American Legion at its San Francisco convention, and by the American Federation of Labor at its Portland convention.

I am not the candidate of any special interest, bloc, group or association, and no man would be worthy of the great office to which I aspire unless prepared to serve all classes of our citizens without fear or favor. If elected, I can and will bring to the administration of the office a broad and versatile business experience and a liberal experience in the affairs of state and government. With that experience, I propose to put Texas on a business basis, and by the same token to substantially lighten the terrific load of taxation with which our people are burdened. I know it is possible to have good government in Texas, and to properly support all of our insti-

tutions at a far less cost than now prevails. I know it is possible to put the government of this great commonwealth on a cash basis and overcome the tremendous financial deficits of the past.

To sum it up, my candidacy for Governor of Texas is based largely on economic reforms, education, and the enforcement of the law.

MAY PROVE FATAL

When Will Cameron People Learn the Importance of It?

Backache is only a simple thing at first; But if you find 'tis from the kidneys; That serious kidney troubles may follow; That dropsy or Bright's disease

may be the fatal end, You will be glad to know the following experience.

'Tis the statement of a Cameron citizen.

Mrs. Kristina Werner, Nolan Ave., says: "For years, Doan's Kidney Pills have been my only kidney medicine. Whenever my back hurt, I couldn't do my work and sometimes I had dizzy spells, when I stooped to pick up anything. Doan's Kidney Pills have always stopped all this after I have taken them a short time. I have often told my friends how good Doan's are."

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

WILSON PROPHESES HIS FINAL PEACE TRIUMPH

"DESTRUCTION AND UTTER CONTEMPT" FOR THOSE WHO OPPOSE PROVIDENCE.

Washington, Nov. 11.—Burning with zeal of a martyr, Woodrow Wilson made an Armistice Day prophecy that "utter destruction and contempt" will come upon the "fools" who have resisted Providence and opposed the principles for which he stood.

"I have seen fools resist Providence before, and I have seen their destruction, as will come upon these again—utter destruction and contempt," the former President told the thousands of admirers who made an Armistice Day pilgrimage to his home.

Those loyal followers—perhaps 10,000 of them—were moved with pity as they beheld their broken leader, come haltingly out of his doorway, helped along patiently by a white-haired old darky body-servant. The ex-President stood there on the stoop, bundled in his overcoat, leaning on his stout stick, lifting his hat in acknowledgment of the cheers that greeted him. He gazed down while Senator Carter Glass of Virginia made the introductory speech, breaking into a laugh at a facetious reference to the Senate irreconcilables.

He seemed occupied with his own thoughts, and his lips moved as if in response to great inward emotions.

There was a great cheer as he stepped forward. But his words came faintly and haltingly. Once he paused because of his emotion—and apologized to his listeners. His words came so weakly that they could scarcely be heard ten feet away. The old fires within him seemed to have burned almost out.

"I wish you would transfer your homage from me to the men who made the armistice possible," he said. "It was possible because our boys had beaten the enemy to a standstill. It was the boys who made them stand still"—and his eyes lighted up and he smiled. The crowd, hitherto moved to silence by the tragic sight, broke into laughter and applause.

Instantly Wilson's face became serious again, and he continued, slowly, pausing between phrases, struggling to give voice to the tumult of feeling within.

"I am proud to remember that I had the honor of being the commander-in-chief—

("The best on earth," someone shouted.)

"Of the most ideal army that was ever thrown together—"

Here words failed to come. His chin quivered, revealing the internal struggle.

"The poor man," a woman a few feet away gasped.

"Pardon my emotion," he resumed after a pause. Then he paid a tribute to Gen. Pershing, "whom I gladly hand the laurels of victory."

The war President seemed unable to say more and turned back toward the door. The band began the opening bars of "How Firm a Foundation."

Wilson paused. It may have been some association stirred by the strains of this familiar hymn. Whatever it was, it lighted the fires in those cold eyes. Years and feebleness seemed to drop away for a moment. He turned back toward the great breathless throng and raised his hand. The music stopped.

"Just one word more," he said, his

voice rising with new strength and vigor.

"I can not refrain from saying it"—and for a fleeting moment he was the Wilson of old. His tongue burned with the same forceful eloquence that humbled the mighty Hohenzollerns.

"I am not one of those that have the least anxiety about the triumph of the principles I have stood for. I have seen fools resist Providence before and I have seen their destruction, as will come upon these again—utter destruction and contempt. That we shall prevail is as sure as that God reigns. Thank you."

He became the frail old man once more, and, fumbling with his cane, turned around and made his way back into the house, while the crowd stood in silence.

After he went inside the great throng remained awed by the moving tragedy it had just witnessed.

Many aged women were there. One collapsed and had to be carried into a neighboring house. Another one crowded her way to the front of the roped inclosure, clutching a pennant bearing the words, "League of Nations." A Boy Scout carried a mounted placard reading, "America's Unidentified Soldier Shall Awaken Civilization to Reformation."

The pilgrimage was headed by a band which marched up playing the war time strains of "Over there." A silk American flag waved over the Wilson door stoop.

Many came to get another glimpse—perhaps the last for many of them—of the war President whom they admired. Some of the familiar faces were seen.

Joseph Tumulty, secretary to Mr. Wilson during his eight years in the White House, stood alone in the crowd, far back beyond the reach of his former chief's voice. Former Senator Hitchcock of Nebraska, who conducted the League of Nations fight in the Senate, and Samuel Gompers were in the front rank. Senator Swanson of Virginia, an old friend, was in an upstairs room with members of the family. Rear Admiral Cary T. Grayson, the Wilson physician, was on hand. Houston Thompson of the Federal Trade Commission as-

sisted Senator Glass, who introduced the former President.

Mrs. Wilson, wearing a bright red picture hat, stood just behind her husband while he spoke.

The crowd remained after Mr. Wilson went inside. Soon someone called for William G. McAdoo, Mr. Wilson's son in law, who has been in Washington for several days, but who had left town a few hours before. The crowd took up the call.

Mr. McAdoo's tiny daughter, little Faith, was lifted up in the window of Mr. Wilson's second floor study while the spectators cheered.

Then the Wilsons came out in their automobile for their afternoon ride. They drove up S. street, through a line three blocks long, receiving a continuous ovation as they passed.

BAPTIST PASTOR AND WIFE TO CONVENTION.

Rev. and Mrs. E. S. Hutcherson, are in Galveston this week to attend the state convention of the Baptist of Texas. They go as delegates from the Cameron church and with them a number of other members of the church as delegates.

There will be services at the church Sunday morning but at the night hour the congregation will visit the Methodist church to hear Rev. Ira F. Key preach. This will likely be the last sermon to be preached by Rev. Key who expects to be moved to another charge when the Conference meets here on November 20.

The pulpit at the Baptist church will be supplied Sunday morning but there will be no services at the evening hour.

ROBS CALOMEL OF NAUSEA AND DANGER

MEDICINAL VIRTUES RETAINED AND IMPROVED—DANGEROUS AND SICKENING QUALITIES REMOVED—PERFECTED TABLET CALLED "CALOTABS"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take.

One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, pure 35 cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (H)-tf

DODGE BROTHERS BUSINESS SEDAN

Recent improvements in the appearance and equipment of this Sedan adapt it, more perfectly than ever, to family as well as business use.

The body is swung lower to the road. A transmission lock, knob-grip steering wheel, a combination stop signal and tail lamp, and other details have been added. Important chassis improvements have been made.

Most important of all, perhaps, new spring equipment throughout has resulted in a degree of riding comfort which can only be characterized as revolutionary.

TEXAS ALIEN LAND LAW IS UPHOLD BY COURTS

MUST BE NATIVE CITIZEN TO
OWN LAND IN TEXAS
COURT HOLDS.

Austin, Nov. 12.—The Texas alien land ownership law passed in 1921 is similar to the laws of California and Washington, upheld today in an opinion by the United States Supreme Court, according to the attorney general's department. The Texas law prohibits aliens who are not permitted to become citizens of the United States from owning land in this State. It does not apply to ownership of land prior to passage of the law nor to city lots.

Washington, Nov. 12.—The alien land laws of California and Washington, prohibiting aliens ineligible to citizenship from owning or leasing land, were declared valid and constitutional today by the Supreme Court.

Justice Butler delivered the opinion, which held that the question was one entitled to be considered under the equity power of the Supreme Court and be disposed of on its merits.

Justice McReynolds and Brandeis took the position that the cases regarding the leasing of land to Japanese should have been dismissed on the ground that no justifiable question was presented. Justice Sutherland took no part in either of the two cases covered by the decision.

Justice Butler asserted it was clearly within the power of a state to prohibit aliens who had not declared their purpose to become citizens, or who can not become citizens, from owning land. He held also that such legislation was not repugnant to the agreement made by this Government with Japan.

Two cases in which the court delivered its opinion were brought, one by W. L. Porterfield and Y. Mobono against state officials of California, and the other by Frank Terrace, his wife and N. Nakatzuka against state officials of Washington. The decision did not cover two other cases pending involving the right of aliens to own stock in a land owning corporation and the contract rights of aliens in crops produced on leased land.

MORE SCHOOL MONEY IS AVAILABLE FOR CHILDREN OF TEXAS.

Austin Texas, Nov. 10.—From present indications the State Board of Education will be enabled to declare another apportionment of the available school fund on or about Dec. 1, as a result of liberal tax collections for the available school fund.

The apportionment will be for \$1, if made and based on a per capita of 1,320,000 scholars in Texas.

Out of the total apportionment of \$12 per capita made by the State Board of Education for the scholastic year of 1923-24, the board has so far only paid out \$1 per capita, this having been done recently. State Superintendent Marrs does not propose to ask for a transfer of the \$3,000,000 appropriated by the last Legislature to supplement the available school fund until next February or March, when the State's finances will be enabled to meet this obligation. Had the state superintendent insisted on an immediate transfer of this \$3,000,000 it would have resulted seriously for the general revenue fund which is now over \$3,000,000 on the red side of the ledger.

GERMAN KAISER RETURNS HOME FROM HIS HIDING

MAY SEEK TO GAIN THRONE IN
TROUBLED FATHERLAND
IS BELIEF.

Brussels, Nov. 12.—The former German Emperor is preparing to return to the Fatherland. He already has in his hand, passports for himself and his suite, and the Brussels Gazette goes so far to say that the Hohenzollern monarchy will be restored on Dec. 4, William or his son, the former Crown Prince Frederick William, ascending to the throne.

Private advices from Doorn, received by the Agence Telegraphique Begle, say that a courier, von Hoechst, arrived at Doorn at 4 o'clock Monday afternoon with twelve German passports, for the ex-Kaiser and his immediate entourage.

A telegram in cipher was received there in the morning, and early in the afternoon there was a long conference between William and those close to him. Later a high Dutch official, Dr. Kan, of the Ministry of the Interior, called and was closetted with the former Emperor for thirty-five minutes.

A wireless system has been installed at Doorn House, which has been the residence of the head of the Hohenzollern during the later years of his internment in Holland, and messages are received from Nauen at noon daily.

Late dispatches from Doorn, where former Emperor William has resided since his internment in Holland announced that he was maintaining close relations with the leaders of the German monarchist movement and was said to be hopeful that the event in Germany would turn in his favor. It was also reported that the Dutch

Government was anxious to consult with the allies before granting permission to either the former Emperor or former Crown Prince to quit Holland, but when the Crown Prince did depart from that country the Dutch Government denied any responsibility for him under international law.

Holland, according to recent French advices, might be regarded as an insufficiently secure retreat for the ex-Kaiser, in view of the flight of Frederick William. This was stated on the authority of the Foreign Office, and it was suggested that a second St. Helena might be chosen for him.

A dispatch from The Hague under date of Nov. 12, announced that Dr. Kan, of the Dutch Ministry of the conference with the former German Emperor. This may have had an important bearing on the news which now comes out of Brussels that William is about to return to the Fatherland.

That has been his ambition for a long time past, and the former Kaiser has been kept in close touch with the changing political conditions in Germany. Whether he would ever be able to get back his throne has been problematic all along, but his great desire has been to keep the Hohenzollern Monarchists ever successful in their activities, a Hohenzollern could return as ruler.

TWENTY-EIGHT YEARS AGO

(From the files of the Herald)

Our Baptist friends will soon build a new church on the Barnes lot on Belton street which they have purchased.

The wood work on the new Hefley building was done by Contractor Joe T. Westmoreland, the brick work by Capt. J. J. Irving.

The Knights of Pythias have taken great pains to provide an exceptionally good course of lectures this fall. Do not fail to hear the first of the season by Bob Burdette at the Court House Saturday night.

Dr. M. K. Lott has removed with his family from Eagle Pass to our city and will engage here permanently in the practice of his profession.

WEDDING BELLS.

Hear the mellow wedding bells,

Golden bells,
What a word of happiness their melody foretells.

Among the latest occasions of this nature was one at the Presbyterian church at Maysfield on Wednesday night, November 6, 1895, and a more magnificent affair Maysfield, perhaps, cannot lay claim to.

The persons most interested in the wedding, and all seemed greatly interested, were evidently, Mr. Randolph Tyson and Miss Jennie McGuire, who took the solemn vows at the instance of the Rev. J. K. P. Newton. The decorations, so tasty and so ample, may justly be classed among

the really beautiful. A railing of evergreens and white roses encircled the altar, in the center of which was a large arch. From the arch was suspended a bouquet of white chrysanthemums, giving to the entire scene, a daintiness which touched one like poetry.

The attendants were Mr. Charles Porter and Miss Emma Tyson, Mr. John McGuire and Miss Ena Stefar, Mr. Jesse Tyson and Miss Lena Ribby. The bride, richly attired in ivory silk, with veil and orange blossoms, was beautiful to other eyes than to those who looked her love. With queenly grace, she entered accompanied by her sister, Miss Ada McGuire. The groom, who wore the conventional black, stately glided in with his brother, Mr. Oscar Tyson. Gates opened on either side of the arch, through which the bridal party passed, as they took their positions, the bride and groom meeting under the arch. All during the ceremony, the soft strains of the wedding march, rendered by Miss Stella Batte, assisted by Miss Cora Higgins, added that irresistible charm so characteristic of good music.

The groom is a worthy young man, full of energy and promises a career of usefulness. The bride, who has been one of the most popular members of Maysfield society, is an amiable young woman of rare charms. The many friends of the happy couple join in wishing them a long and prosperous journey.

IMPROVEMENTS ARE MADE IN SPRINGER HOTEL IN CAMERON: IS MODERN.

With the completion this week of extensive improvements in the Lone Star Hotel operated by Mrs. Mattie Springer in the business district of Cameron, hotel facilities are made better for the city. The improvements completed consist of repapering and repainting the lobby and rearrangement of the lobby, making it larger and more attractive in every way.

In addition to the interior improvements Mrs. Springer has finished building a new awning and screen gallery on the hotel to take the place of the old one, making ideal open air sleeping in the summer time.

The work of interior finishing has been completed and the public is invited to visit the hotel. Mrs. Springer is doing her part to improve the hotel facilities for Cameron.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! How good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

Rockdale, Texas

FOOTBALL SUPREMACY IS WON BY PERKINS' SQUAD

(continued from page 1)

of Judge and Mrs. John Waston, dressed as medieval hunter with bow and arrow led a rebellious cat on the field and back again to represent the Tiger squad in custody of the Yoemen.

At this juncture of the game a disgraceful occurrence came to mar the day. Rockdale men under guidance set upon a defenseless negro who was watching the game from the Rockdale side, and on the unreasonable pretense of spying on their signals, beat the negro who is well known here and for many years has been employed by a local drug store. The Yoemen were beating the Tigers badly and at the half had won the game by a wide margin, demonstrating their superiority in every way. The attack on the negro has been hotly resented by Cameron people and the poor spirit of sportsmanship shown by those who conducted the assault is a shame to high school athletics in Milam county. The negro obviously would not have known signal and could not possibly have communicated them had he been so equipped. No one here believes the theory of spying and completely exonerate the negro and condemn the attackers.

Later in the third quarter a difficulty was had on the field when a Rockdale and Cameron man came to blows. Another regrettable difficulty was had after the game.

Coming back from the successes of the first and second quarters the Yoemen again began to cross the Rockdale goal lines and at the third quarter Coach Perkins sent in his second team and this team crossed the Rockdale goal line, scoring a number of points.

The game was played in good time and the game play by play as recorded by Wiltz McCown for the athletic department appears elsewhere in this issue.

It developed after the game that consideration is being given to severance of athletic relationship with Rockdale and action may be taken by the school board.

M. M. KEMP ROSEBUD CITIZEN BURIED HERE WEDNESDAY

Marshall M. Kemp, a citizen of Rosebud for the past twenty years, died at his home there Tuesday morning, Nov. 13, at 3 o'clock. Following a funeral service which was conducted by the pastor at the Methodist church in Rosebud, the body was brought to Cameron and interred in Oak Hill Cemetery.

Mr. Kemp was for many years a prominent merchant of Cameron. He came here about the year 1880 from Louisiana and engaged in the dry goods and grocery business, first as a partner with his brother, D. Kemp, now of Houston, and later with other associates, the style of the firm being M. M. Kemp & Company.

About twenty years ago, he bought an interest in the Rosebud Water, Power and Light Company, and moved to that city.

He was married soon after moving to Cameron to Miss Willie Green, a daughter of an old Cameron family.

He is survived by his widow, three sons and five daughters: George Kemp of Oklahoma, P. H. Kemp of Groesbeck and Marshall, Jr., superintendent of the Rosebud Oil Mill, Mrs. Lonnie Harper of Denton, Mrs. Harry May of Caruthersville, Mo., Mrs. McMillan of Eagle Lake, Misses Natilie and Louise of Rosebud. Mr. D. Kemp of Houston is his only surviving brother. He has a number of nephews and nieces, Judge Jeff T. Kemp of this city being among the number.

My heart will keep in tender memory all those evidences of true friendship and I pray that a kind Providence reward them as they deserve.

WHERE THE RAINBOW TOUCHES THE GROUND

THE family cat died. The farmer who owned the cat, in digging the grave discovered a substance which proved to be marl. This farmer had been hauling limestone a long distance for his alfalfa fields. In conference with his county agent, he discovered that marl would take the place of lime in correcting the acidity of his soil. This experience led him to the use of marl that existed on his own farm and saved him much time and considerable expense in hauling.

Similar opportunities have existed and still exist. Many farmers in the middle west will recall what a pest sweet clover used to be. Now this pest is being used profitably as hay and pasture for livestock and as a crop to be plowed under for increasing the fertility of the soil.

Kansas is called the "Sunflower State" and those who have lived there will well remember how they have fought this weed. Today sunflowers are being grown as a crop, as feed for chickens and it is also being utilized with or without corn as a suitable crop for the silo.

It is surprising to discover how many things which were frowned upon in days gone by are now serving a useful purpose. These changes have been brought about by observation and study. Brains count on the farm as elsewhere. The man who thinks while he is performing physical work is not only opening up the way for larger profits but he is removing the word drudgery from his vocabulary and is transforming what used to be a drudgery into a profitable pleasure.

—The Banker-Farmer.

BANKERS HELP THE KIDS

Northern Michigan Bankers are out to give the youngsters in their part of the country a lift on the road to better dairying. A group of bankers met with some of the agricultural men in their section and pledged their support in backing up calf club work.

Her Very Own Pig—A Boys and Girls Club Member

Virginia, Minnesota, Bankers have faith in "kids." Meeting with a committee from the Virginia Chamber of Commerce they formulated plans for the establishment of Calf Clubs and "Pure Bred Bull Associations." Banks all over St. Louis county have pledged their support to this work.

An Arkansas bank loaned a youngster \$70, in 1920. The boy bought a purebred Poland China gilt from a breeder in a neighboring state. Being the first purebred gilt brought into the county for boys and girls club work, she has furnished more stock than any other sow in the section. With the start that the bank gave the youngster he has been able to refute the claim that hog raising in his county was not profitable, for at the present time he has more than \$1000 to his credit as a result of the original bank loan and investment.

REMARKABLE SAVINGS FIGURES

Remarkable progress in the savings habit in the United States is shown in figures presented to the recent convention of the American Bankers Association by Samuel H. Beach, president of its Savings Bank Division.

In 1921, Mr. Beach showed, twenty-six million people had savings accounts aggregating \$16,618,555,000. In 1922, there was an increase of over four per cent, bringing the aggregate up to \$17,300,000,000. Similar statistics for 1912 showed that the aggregate was only about half as much as in 1922 or only \$5,433,000,000.

Mr. Beach's report on school savings banking showed that practically two million pupils are now participating in school banking systems, an increase of 34 per cent as compared with last year and 58 per cent as compared with 1921, while the total of the actual amount deposited last year was \$9,618,000, as compared with \$5,775,000 in 1921 and \$2,800,000 in 1920, an increase of nearly 340 per cent in three years.

WORK OF P. H. MEDSKER AT SEMINARY IS PRAISED

FORMER BAND LEADER HERE WILL DIRECT BAND UNTIL FIRST OF JANUARY.

P. H. Medsker, director for the Cameron band for the past two years and teacher of Music in the Southwestern Baptist Seminary in Fort Worth, was in Cameron Sunday and Monday and will be in the city two days each week to direct the band until the first of the year when he will relinquish his directorship.

The Baptist Propeller, a weekly clip sheet published by the Seminary in discussing the work of Mr. Medsker says:

"While an orchestra and band is somewhat a new thing for the Southwestern Baptist Seminary, yet it is rapidly coming to take an important place among student activities. Prof. P. H. Medsker is patient and untiring in his efforts teaching not only ensemble playing but gives private instruction on all instruments. Commencing the school year with but three or four members of last year's organization and a few new students, an orchestra of 12 pieces and a band of over 20 pieces have been developed. The orchestra plays for the Sunday evening services of the Seminary Hill church. The band will be ready for its initial concert at an early date. A valuable feature of the work is the fact that each member is given training in conducting, so that he will be able to organize and direct similar organizations in connection with his regular work.

ORDER OF SALE.

THE STATE OF TEXAS, County of Dallas.

To the Sheriff or any Constable of Milam County—GREETING:

Whereas, on the 4th day of September A. D. 1923 in the case of Mrs. Anna B. Haggard, a widow, versus, W. J. Parker and R. H. Vogel, No. 48430-B, the plaintiff, Mrs. Anna B. Haggard, a widow, recovered, in the District Court of Dallas county, 44th Judicial District of Texas, a Judgment against the said defendants, W. J. Parker and R. H. Vogel, jointly and severally for the sum of Eighteen Hundred Nine and No 100 (\$1,809.00) Dollars, together with interest thereon from date of judgment, at the rate of eight per cent. per annum, and costs of suit; and whereas, said Judgment is a foreclosure of a mortgage Lien, as it existed on the 1st day of April 1922, against the said defendants, on the following described personal property, to-wit:

One complete rotary rig, at the time of the execution of said mortgage located in Milam county, Texas on what was then known as the W. H. Rowell place, being the same rig which was to be thereafter moved to Rosebud, Texas, and to be located on block one of the Gopher Oil Sub-division of the Mrs. Sue M. Read lands in Milam and Falls county, Texas, containing, among other items the following items constituting said rig.

One Crown Block; One Traveling Block; One Kelly with holes; One National Mud Pump; Two rotary tables; Two complete draw works; One Boiler with all connections; One Alax engine; Three galvanized tanks; Six hundred feet of one and a half inch water line; One wire cable; Fifteen hundred feet of four inch drill stand; One fishtail bit; One pair of tongs; One six inch swedge nipple with about one hundred feet of two inch line; Two galvanized tanks in Rosebud and all oil contained therein; Two pair of Bit Springs; Two mattresses; One coal oil stove; One pap valve; One injector; Two two inch globe valves; One anvil; Two pair of elevators; One elevator chain; One engine chain; Two draw work chains; One pulley for Gin pole; One head timber; One Overshot.

Therefore, you are hereby commanded, that you proceed to seize and sell above described property, as under execution; and that you apply the proceeds thereof to the payment and satisfaction of said sum of Eighteen Hundred Nine and No 100, (\$1,809.00) Dollars, together with the interest that may be due thereon from date of judgment at the rate of eight per cent per annum and all costs of suit. And if the said property shall sell for more than sufficient to pay off and satisfy said sums of money, then you are hereby directed to pay over the excess thereof to the defendants, W. J. Parker and R. H. Vogel. But, if said property shall not sell for enough to pay off and satisfy this Judgment or cannot be found, then that you make the said money, or any balance thereof remaining unpaid, out of any other property of the defendants, W. H. Parker and R. H. Vogel, jointly and severally—as in case of ordinary ex-

ceptions and you are further ordered that you put the purchaser of said property under this Order of Sale, in possession of the property described in this Order of Sale within thirty days after date of sale.

Herein fail not, but due return make hereof, showing how you have executed the same within Ninety (90) days from this date.

Given under my hand, and Seal of the District Court of Dallas County, at my office in the City of Dallas, this the 26th day of September A. D. 1923.

ATTEST:

JOHN H. CULLOM,

Clerk District Court, Dallas County.
By PHIL HARRIS, Deputy. 29-4t

The Commercial Club has asked the city council to include a program of residence streets paving along with the mercantile area.

C. W. Lawrence, president of the club presented the matter Friday night and the club went on record by vote to ask the city council to include residence paving and to obtain figures from the contractors and to advise the property owners the cost.

It is likely that citizens will become interested in the paving in the residence sections to such an extent

the extension of the paving to the that petitions will be presented asking principal residence streets.

The present area includes the mercantile area only and perhaps the streets to the two passenger depots, provided residence property can be induced to subscribe for the paving. Assessments are being made in the business district.

BAPTIST PASTOR AND WIFE TO CONVENTION.

Rev. and Mrs. E. S. Hutcherson, are in Galveston this week to attend the state convention of the Baptist of Texas. They go as delegates from the Cameron church and with them a number of other members of the church as delegates.

There will be services at the church Sunday morning but at the night hour the congregation will visit the Methodist church to hear Rev. Ira F. Key preach. This will likely be the

last sermon to be preached by Rev. Key who expects to be moved to another charge when the Conference meets here on November 20.

The pulpit at the Baptist church will be supplied Sunday morning but there will be no services at the evening hour.
